"The attitude of the government thus being clear, the revolution entered upon the final stage which ended with the establishment of the executive committee and the revolutionary government.

"Further news also indicated that at Moscow a similar revolt was victorious and that the troops joined the cause of the provisional government."

DISPATCHES RECEIVED HERE

DESCRIBE RUSSIAN REVOLT Closely guarded dispatches to the State Department last night told the story of the revolution which has shaken the great empire of Russia to its foundations. The Department flatly refused to make public any reports from Russia, and simply said, that generally, they con-firmed the unofficial reports of the over-

firmed the unofficial reports of the over-turning of the great bureaucracy which for centuries has dominated the greatest nation, in area, in the world. The Russian Embassy likewise refused to comment on conditions in Russia. Am-bassador George Bakhmeteff declaring that he had received no information to warrant the revolutionary reports.

Private dispatches to Washington, how Private dispatches to Washington, how-sver, told a tale of an enormous popula-tion goaded to desperation by food con-ditions that have grown worse as Rus-sia's participation in the European war continued. The efforts of the Duma, rep-resenting the masses of Russian peasant-ry, and Russian industrial labor, to amplious to desperate to the groat ameliorate food shortages in the great eitles of the empire precipitated the crisis, according to these dispatches. The fight of the Russian Ministry, represent-ing the old-time bureaucracy, to combat

the Duma was the spark which set off the explosion of revolt.

The recent prorogation of the Duma.
these dispatches said, was due to the passage of measures designed to reducpread prices. A measure fixing bread prices and fixing standard weight for caves was enacted to satisfy the great national clamor against the lack of food national clamor against the lack of food. The bueraucracy protested, but the Duma backed up its plan with a second, measure, providing that any baker refusing to bake his usual allotment of bread should be punished by imprisonment. Further measures for the relief of the stricken Russian populace were planned, but the Ministry immediately forced the adjournment of the Duma. The food situation in Russia has been acute for months, due largely, according to advices reaching here, to mismanage-

to advices reaching here, to mismanagement and lack of proper administration rather than to an actual food shortage. Grave stories of scandal and corruption in high places in Russia have been reaching Washington for some time, and recently the food situation has been complicated by transportation difficulties due to the use of great amounts of railroad rolling stock in the Russian offensive against the Turks in Persia. There have thewise been advices of general complaint against great concessions, and great government contracts awarded railroads and other great financial interests. to advices reaching here, to mismanage
